**Robin Artisson, Caroline St. Clair : Hands of Fate: The Art of Divination with Playing Cards** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hands of Fate: The Art of Divination with Playing Cards:

12 of 12 people found the following review helpful. Playing cards, the sharpest tool in the shedBy Jonathan GoolsbyThe book is an interesting take on playing card divination. His method is like the minor keys of tarot with a twist. It is very direct and I myself prefer the minor keys for divination and the major keys for meditation. The description of the court cards are the best I have seen, and I have read many tarot books. The 4 suits are referred to as elf arrows (spades), desires (hearts), trees (clubs), and coins (diamonds). Robin as gives a reading method called story telling that initiates your creative imagination, and it produces very accurate readings. Playing cards are the best way to conceal your divination art when you are out in the public. The book is short and sweet. If you have a hard time remembering the meanings of each card, just buy some cheap bicycle cards and use a permeant marker to write one word each on them. Thanks Robin for sharing your knowledge. You have opened up a new path for me using playing cards.4 of 4 people found the following review helpful. The one you need!By FritzThe ONLY book on playing card cartomancy from an occult perspective. This book changed my style of reading.....and I have been reading for a long time. Thank you Robin Artisson.1 of 1 people found the following review helpful. A must have for any cartomancer!By CustomerThis tome is concise and useful. The seasoned cartomancer or the neophyte will find worthwhile and invaluable information into divination with playing cards.

"Hands of Fate" is the first of the "Small Tome" offerings from Black Malkin Press, each of them covering a single topic of deep spiritual or occult significance. In Hands of Fate, the topic of cartomantic divination with standard playing cards is covered. Author and professional diviner Robin Artisson offers instruction in a deeply detailed and intuitive system of playing card divination draped in the older aesthetic of Traditional Witchcraft and Fayerieism, allowing diviners to channel entire stories of divinatory insight from oracular sources. He discusses methods which will allow any person, whether practicing sorcerer or not, to gain true oracular communication with extraordinary sources of insight. Alongside this central theme of the work, many smaller systems of cartomancy and cartomantic divination devices are described, which can be integrated by a card reader all by themselves, or blended with others. Divination with playing cards is the oldest kind of cartomancy known to man, and this work restores it to an accessible place of dignity and seriousness which can be utilized by all. Discerning readers will discover many treasures of occult

wisdom hidden in the underlying metaphysics of the system described within this small but detailed work.

About the Author Robin Artisson is a modern day practitioner of traditional sorcery and divination, a social critic, folklorist, scholar of pre-Christian religions, and proponent of spiritual ecology. He is the author of several noted works on those topics.
